

Comline CO 5W30 LL

5W-30 Long Life

Fully synthetic long-life motor oil VW 504.00/507.00; MB 229.51; BMW LL-04

Description:

Comline CO 5W-30 LL is a fully synthetic motor oil for use in petrol, LPG and diesel engines of passenger cars and light commercial vehicles, equipped with soot filters/Diesel particulate filters (to meet Euro 4 exhaust emission regulations). This product has been especially developed for passenger cars and light commercial vehicles of the VAG group (Volkswagen, Audi, Seat and Skoda) and is suitable for very long oil change intervals (up to 30.000 km for gasoline and 50.000 km for diesel engines).

Comline CO 5W-30 LL provides an extremely quick and stable lubricant film during the cold start-up and maintains this film at high temperatures, while at the same time, friction is reduced to a minimum.

Comline CO 5W-30 LL contains less phosphor, sulphur and phosphate. This prevents the exhaust gas system parts (soot filters/Diesel particulate filters and catalytic converters) from blocking and it reduces their service life.

Comline CO 5W-30 LL has been especially developed to meet VW specifications 504.00 and 507.00, but is also suitable for cars where formerly VW specifications like 503.00, 506.00, 506.01, 505.01, 502.00, 500.00, 501.01 and 505.00 are recommended.

Performance level:

ACEA A3/B4 (07) , ACEA C3 (08)
VW 504.00/507.00
MB 229.51
BMW LL-04
Porsche C30

This oil is not suitable for R5 and V10 engines before 2007. For these engines VW 506.01 is recommended explicitly.

Typical values:

		5W-30
Density 20°C	Kg/L	0.852
Viscosity 100°C	cSt	12.0
Viscosity 40°C	cSt	69.3
Viscosity -30°C	cP	<6600
Viscosity Index		171
Flash point COC	°C	195.5
Pour point	°C	-39
Sulphated ash	Wt%	0.70
