

Comline CO 5W30 D2

5W-30 DEXOS 2

Fully synthetic long-life motor oil based on mid SAPS technology

Description:

Comline CO 5W30 D2 is a fully synthetic motor oil for petrol and diesel engines in passenger cars and light commercial vehicles. This oil can be used in cars equipped with catalytic converters, turbo charged engines, soot filters/Diesel particulate filters and direct injection systems.

Comline CO 5W30 D2 offers an extremely high protection over prolonged drain intervals. Especially recommended for Euro 4 cars of Vauxhall/Opel, Mercedes Benz and BMW with soot filters/Diesel particulate filters to prevent filter blocking.

Because of this, Comline CO 5W30 D2 has low sulphated ash contents and also low levels of phosphorus and sulphur (so called mid SAPS technology).

Comline CO 5W30 D2 is also suitable for all Volkswagen Seat, Audi and Skoda cars with normal drain intervals (up to 15.000 km). Furthermore, this oil is an excellent choice for most Mercedes and BMW passenger cars and light commercial vehicles with or without a soot filter/Diesel particulate filters.

Comline CO 5W30 D2 not only offers an extremely good wear protection but also protects against rust and oxidation, while special additives keep the engine clean from dirt, sludge and deposits during the sometimes extremely long oil change intervals. Comline CO 5W30 D2 fulfills the requirements of GM Dexos 2 and can also be used where GM-LL-A-025 en -B-025 are recommended.

Performance level:

API: SN/CF
ACEA A3/B4 (07), C3 (08)
GM Dexos 2
VW 502.00 / 505.00 / 505.01 (2005)
MB: 229.31 / 229.51
BMW LL-01 / LL-04
Ford M2C-917A
GM-LL-A-025 / B-25

Typical properties:

		5W-30
Density 20°C	Kg/L	0.850
Viscosity 100°C	cSt	11.6
Viscosity 40°C	cSt	66.7
Viscosity -30°C	cP	<6600
Viscosity Index		170
Flash point COC	°C	234
Pour point	°C	-36
Sulphated ash	Wt%	0.78
