

Comline CO 5W30 C4

5W-30

Fully synthetic long-life motor oil ACEA C4

Description:

Comline CO 5W-30 C4 is a fully synthetic motor oil for petrol and diesel engines in passenger cars and light duty commercial vehicles. This oil can be applied for cars equipped with catalytic converters, turbo charged engines and for direct fuel injection systems.

Comline CO 5W-30 C4, manufactured with Comline's OPT additives, offers an extremely high protection over prolonged drain intervals. Especially recommended for Euro-4 cars for which ACEA C4 is prescribed, to prevent soot filters from blocking.

Because of this, Comline CO 5W-30 C4 has low sulphated ash contents and also low levels of phosphor and sulphur (so called "mid-SAPS" technology).

Comline CO 5W-30 C4 not only offers an extremely good wear protection but also protects against rust and oxidation, while special additives keep the engine clean from dirt, sludge and deposits during the sometimes extremely long drain intervals.

Comline CO 5W-30 C4 provides an extremely quick and stable lubricant film on cold starts and a high thermal stability under heavy duty operating conditions.

Performance level:

ACEA C3, C4(08), ACEA A3/B4 (07)
Renault RN 0720

Typical values

5W-30

Density 20°C	Kg/L	0,85
Viscosity 100°C	cSt	11,8
Viscosity 40°C	cSt	67,5
Viscosity -30°C	cP	<6600
Viscosity Index		171
Flash point COC	°C	225
Pour point	°C	-39
Sulphated ash	Wt%	<0,9
